

Skagit R/C Club Minutes of meeting for November, 2018

The Skagit R/C Club held the scheduled monthly meeting at the Burlington Library, at 7:15PM.

Minutes of the October meeting were accepted without reading/comment.

Treasurer's report: \$3365.76

Field report: Roads are muddy, but passable with a truck and some driving skills. Only the Sterling road gate is in use. Keep that gate closed when coming and going please.

New business: New member, Jasmine! Tony's girlfriend, I look forward to seeing her fly this summer!

Christmas party at Max Dales Dec 18th, food served at 6:30. Pay at the door with a cheque to the club and the club will pay the venue in one payment.

Annual elections were held and positions filled.

Charles is the new secretary, thanks for stepping up Charles!

Tony is the new President, Thomas will be the vice president

They will assume their new duties at the January meeting.

In other news the Whidbey island club has found a new location to fly from.

Show and Tell: Doc brought in a Midwest Aerostar he is building. Electric powered. Very nice workmanship.

Tip(s) of the month: Electric connectors, especially some knock off Deans style can loosen over time and cause crashes. Check those connectors and if they are getting sketchy, replace them! Cheap insurance for successful flights!

Use one of those flexible dress maker tape measures for checking alignment of wings/tail feathers. They will not stretch like string and help ensure nicely aligned surfaces.

Future meeting dates:

December – Christmas Dinner @ Max Dales, 6:00pm, eat at 6:30pm

January 15 @ 7:00pm

February 20th @ 7:00pm (This is a Wednesday)

March 20th @ 7:00pm (Also a Wednesday)

April 17th @ 7:00pm (Wednesday)

May 21st @ 7:00pm (Back to a Tuesday)
