

## Skagit R/C Club Minutes of meeting for September, 2018

The Skagit R/C Club held the scheduled monthly meeting at the Burlington Library, at 7PM.

Minutes of the August meeting were accepted without reading/comment.

Treasurer's report: \$3387.19

Field report: Mostly Dry, not very muddy considering the rain we've had.

Be mindful of the cows, they keep getting where they are not supposed to be.

New business: Guest/Possible new member Michael Pompeo. Looking for some assistance setting up a new plane he purchased, and learn how to fly.

Elections are coming up and we will need a new president and secretary.

Show and Tell: Rather nice looking Hander 9 Valiant with floats! 10cc gas engine, 69" span and weighing in about 8lbs. Jim is looking for a muffler extension for the 10cc evolution engine, with little success.

Tip of the month: Use lead shot mixed in epoxy to assist in balancing planes. Can easily be poured into cowls and dummy engine cylinders.

Future meeting dates:

October 16 @ 7:15pm

November 20 @ 7:15pm

December - I assume we will do the annual Christmas Dinner again

January 15 @ 7:00pm
